July 2020

WELCOME TO ALL TOGI STUDENTS

Dear students

A warm welcome to all our students to the TWO OCEANS GRADUATE INSTITUTE. Our wish for you is a very successful, exciting and fun-filled study career in the second semester of 2020.

Please take note of the following important dates on the year planner for 2020:

Registration for clusters 2, 3, 4, 5, 6 and 7 starts on **9 July 2020**.

Online learning will start on **20 July**. Registered students will be able to access their modules from 20 July and your lecturers will be available to communicate with you from then on.

Teaching and learning will be presented online. You are welcome to contact your lecturers to make appointments to meet, or to schedule a ZOOM session for you to enable virtual contact. Make sure that you download the TOGI 2020 year programme, as well as your module guides so you can take note of the important dates for the coming cluster.

Please take ownership of your own progress and learning. We would like to guide you on this way. Plan your studies carefully and make sure you devote sufficient time to all your work.

Please make sure that you download and save the TOGI 2020 year programme and the Academic Rules and Regulations and engage with these documents carefully. Also download the TOGI Harvard referencing guide for use throughout your study career.

Be aware that there will be very strict adherence to the Two Oceans Policy on Plagiarism. Make sure to engage critically with resource material. You should NEVER copy and paste anything from any internet or other resource whatsoever. You should read, analyse, consider, summarize, make notes, and then select the information that is appropriate for the task. Paraphrase in your own words and reference in the text to acknowledge the author. This applies to every task and assignment, whether it is mentioned in the instructions, or not.

Best of luck and may this be a rewarding semester for all!

G. Westraadt

Head of Intermediate Phase Education
Two Oceans Graduate Institute
