July 2020

WELCOME TO ALL IM STUDENTS

Dear IM students

A warm welcome to you as students at the TWO OCEANS GRADUATE INSTITUTE. Our wish for you all is a very successful, exciting and fun-filled study career.

As you know, our mode of delivery is online, with online tutorials. Students will receive all the information and should engage with announcements, documents, messages and the study materials on our Learner Management System (LMS). For this, we use Moodle.

Once you have registered, you will gain access to our orientation and introduction module on Moodle. Every new student has to complete the Orientation module. IM students should work through all the assessments, except those for the Languages and Mathematics. Please take note: Do not work on the English, Afrikaans or Mathematics assessments. You will do those when you fully enrol after completion of the IM modules.

Instructions to open the TOGI Orientation module are as follows:

Log into Moodle with the username and password that you have received.

Once logged in, the dashboard will open.

Click on **2020_2_Introduction**, and then **2020_2_TOGI_101 Orientation Module**.

Click and the module will open and you can follow the instructions from there.

There are activities, important reading and practice assessments which will assist and prepare you for the online learning environment.

The activities are specially designed to assist our students. Please work through all the activities from **7 July 2020** except those for the Languages and Mathematics and submit your work by **14 July 2020**, as this module will close on **15 July 2020** for assessment. Only once you have submitted the assignments in this module, will you be able to get access to your modules in preparation for your eventual registration for the B Ed degree.

You will learn to use the Moodle messaging, which we encourage you to use so that we can answer your questions and assist you on this journey. Remember, TOGI lecturers and staff are always willing to assist you on this academic journey.

Best of luck!

G. Westraadt
