July 2020

WELCOME TO ALL NEW STUDENTS

Dear students

A warm welcome to you as students at the TWO OCEANS GRADUATE INSTITUTE. Our wish for you all is a very successful, exciting and fun-filled study career.

As you know, our mode of delivery is online, with tutorials via ZOOM. Students will receive all the information and should engage with announcements, documents, messages and the study materials on our Learner Management System (LMS). For this, we use Moodle.

Once you have registered, you will gain access to our orientation and introduction module on Moodle. Every new student has to complete the Orientation module. After you have worked through this introductory module, you will gain access to your Cluster 1 modules.

Instructions to open the TOGI Orientation module are as follows:

Log into Moodle with the username and password that you have received.

Once logged in, the dashboard will open.

Click on: **2020_2_Introduction**, then you will find: **2020_2_TOGI_101 Orientation Module**

Click and the module will open and you can follow the instructions from there.

There are activities, important reading and practice assessments which will assist and prepare you for the online learning environment.

It is extremely important that you work through all the activities in this module. The module opens on **7 July 2020** and will close on **15 July 2020**.

The activities are specially designed to assist our students. Please work through all the activities and submit your work by **14 July 2020**, as this module will close on **15 July 2020** for assessment. Only once you have submitted all the assignments in this module, will you be able to get access to your other study modules for the B Ed degree.

The baseline test for languages is a guide to your language options:

Students who passed English Home Language in grade 12, should register for English Home Language. The baseline test will give an indication of your English Home Language proficiency in order to become an English Home Language Teacher. A baseline test result of at least 60% will indicate your English Home Language competence and readiness to further your studies. There is an option of English First Additional Language for students who did not pass English on home language level. Students who did not pass English in matric at Home Language Level, will only be allowed to enrol for English Home Language in the B Ed programme with a baseline test result of at least 60%.

Students who passed Afrikaans Home Language in grade 12, should register for Afrikaans Home Language. The baseline test will give an indication of your Afrikaans Home Language proficiency in

order to become an Afrikaans Home Language Teacher. A baseline test result of at least 60% will indicate your Afrikaans Home Language competence and readiness to further your studies. There is an option of Afrikaans First Additional Language for students who did not pass Afrikaans on home language level. Students who did not pass Afrikaans in matric at Home Language Level, will only be allowed to enrol for Afrikaans Home Language in the B Ed programme with a baseline test result of at least 60%.

Students in the B Ed programme have to pass at least one language on Home Language level. You may elect both languages at Home Language level.

Please make sure that you download and save the TOGI 2020 year programme and the Academic Rules and Regulations and engage with these documents carefully. Also download the TOGI Harvard referencing guide for use throughout your study career.

You will learn to use the Moodle messaging, which we encourage you to use so that we can answer your questions and assist you on this journey. Remember, TOGI lecturers and staff are always willing to assist you on your academic path.

Best of luck!

G. Westraadt

Head of Intermediate Phase Education Two Oceans Graduate Institute
